****Students MUST be on campus for these practical and testing dates to receive credit and certification for this course. Students who complete the online portion but do not attend the practical and testing will receive NO credit and MUST complete another course.**

Students may take individual courses or take all of these courses. The weekend skills are setup so that you may take all of these courses and complete all of the practicals and testing in one weekend!

Steps to register for a course:

1. Find the course Number(s) in the table above. (You may sign up for as many courses as you like at one time.)
2. Call DCCC at (336) 249-8186
3. Ask for the "Registration Office"
4. Tell them you want to register for "Course Number _____" (from the table above)
5. Provide the registration office with all the requested information
6. If you have recently completed an Online course at DCCC skip to #12
7. Go online to <http://blackboard.davidsonccc.edu> (NOTICE: There is not a "www" at the beginning of this address)
8. Click on "Login"
9. Enter the username "web"
10. Enter the password "student" then click "login"
11. Click on "Orientation for Curriculum (credit) Courses, (non credit) Courses, and CACP Courses" and follow the directions
12. NOTICE: You may begin your actual course on the first day of classes*.

Your personal username and password (not "web" and "Student") will **NOT be active until the first day of class*
